**WINNER!**

**“BEST NEW VERMONT BAND 2010!”**

*“Moments is suffused with worldly, veteran craftsmanship. At times ablaze and strikingly soulful, Prana’s radio-ready debut is one hit shy of a tour bus out of Burlington.”*

*“With their folk-hero persona and a big stage sound, Prana’s vitality isn’t in question. Like forefather Bruce Springsteen, these earnest storytellers succeed as much on the merit of their convictions as on the yarns they spin. You just gotta believe.”*

**Jarrett Berman – 7 Days – Newspaper & [www.7dvt.com](http://www.7dvt.com)**

*“‘Moments’ grows on you. At first listen, it sounds like straightforward rock and roll. Listen again and it opens up to you like a favorite novel from years past. First and foremost, the songs are tight. This is no piece of sloppy, fuzz driven garage rock, but a carefully constructed, thought-out body of music.*

**John Degan – [BigHeavyWorld.com](http://BigHeavyWorld.com)**

*“This genre bending rock & soul revelation tells the tale of life, love, dedication and the pursuit of the real American dream. From the eclectic ensemble of classic rock style compositions bound by unyielding emphatic lyricism, to the awe-inspiring instrumentation of limitless dynamic performances, Moments invigorates the senses and inspires you to listen on. Ideal for today's well-versed sophisticated music lover, this album delivers it all”.*
